Through that link there is a mapping system which allows the user to select Superfund Site and see varying information about that site. What we are looking to do is have an internal mapping system of all of these sites similar to this, which would require either coordinate locations or address locations of each. We would want this in order to look at potential impacts to properties we are working on in the vicinity of the superfund sites. Preferably we are looking for an already existing shapefile that shows boundaries of each site. Dear Sir or Madam,

Good day for you.

This is Emily from REACH24H Consulting Group China. Please allow me ask something about our pesticides registration, wish you could give me some help.

Recently we plan to apply for a pesticide registration to EPA. Our product is identical to ENO CHLOR Cal Hypo Granules (EPA registration number 90470-1), which contains 70% calcium hypochlorite (CAS No. 7778-54-3).

1. Could you please help us to have a check what is the PRIA action code for the registration?
2. Could you please sent me the data matrixes (EPA Form 8570-35) document for the product so that we could know which data we can cite?

Thank you very much and looking forward for your reply.

Sincerely,  
Emily

EPA-R9-2019-002253	Nathalie Eddy	Earthworks	Earthworks has filed 12 complaints with EPA regarding oil and gas sites located on tribal lands in Red Valley, AZ. We filed 3 complaints on October 27, 2018. We initially filed these complaints with NN EPA using their on-line system. In October we received a draft report explaining that NN EPA does not have enforcement jurisdiction over these which are not Major Sources. NN EPA enforcement authority is currently limited to Major Sources. Accordingly, we refiled 3 complaints previously filed with NN EPA in June, 2018, and filed 9 additional complaints on November 12, 2018. Through email exchanges, it seems that the complaints have been sent to EPA Region 8 and the AZ Department of Environmental Quality. Following conversations with both agencies, it does not appear either has jurisdiction. I have attempted to follow up via email, but I am not sure I'm reaching out to the appropriate contact person.  I would like to request a report on the status of these pending complaints, and a report from any EPA inspections conducted in response to the complaints.	#####

Dear FOIL Coordinator:

P.W. Grosser Consulting, Inc. (PWGC) has been retained to prepare a Phase I Environmental Site Assessment for the above referenced address.

We are requesting available copies of environmental files, records, and memoranda concerning the facility. This information should include: 1) past and present underground storage tank registration(s); 2) reported spills or releases of hazardous substances; 3) generation, storage, treatment, or disposal of hazardous substances; 4) past or present groundwater, surface water, and soil investigations; 5) environmental permits/violations.

We will gladly pay copying costs.

Please advise if this request can be accommodated in an expedient manner. We would like to schedule an appointment to copy the file/records if this is not possible.

Feel free to call with any questions or if additional information is needed to respond to this request.

Greetings. Statement #1: "EPA testing has shown that a truck's emissions increase drastically (tens or hundreds of times, depending on the pollutant) when its emissions controls are removed."

Statement #2: "Even when the filters and catalysts remain on the truck, EPA testing has shown that simply using a tuner to recalibrate the engine (for the purpose of improving fuel economy) can triple emissions of NOx."

MODIFIED AS FOLLOWS:

Jessica,

Thank you for the call today. As we discussed on the phone EPA Region 2 office will respond to the two requests as described below.

EPA-R2-2019-002187:

This request will focus solely on the CERCLA removal action that took place at the Arkansas Company site from 1/20/1987 to 2/2/1989. The documentation requested are reports, plans, maps, figures, tables and other technical documentation. Correspondence regarding technical work is requested too. The scope will not include any finance, contract, administrative or other non-technical work related documents.

We will seek to produce an interim response, as soon as possible, of documents that have already been cleared for public release. The remaining documents will need to go through a privilege review and will be addressed with a follow up future release.

EPA-R2-2019-002187 Ms. Jessica Palmer Norris McLaughlin, P.A. Based on this clarification we wish to extend the due date to 10/25/2019. #####

MODIFIED AS FOLLOWS:

EPA-R2-2019-002190:

This request will focus on other EPA Region 2 division records for the properties located at 171-185 Foundry Street in Newark, New Jersey.

As stated on the phone a review of the WCB/RCB Central Files data base for facilities having Underground Storage Tanks (USTs) at the addresses listed was already conducted and no records were located.

Our Enforcement & Compliance Assurance Division also did not find any responsive records to this request.

We will be conducting a search of our Brownfields program files to determine if there are any responsive technical documents related to the location above.

I'd like to request copies of all correspondence sent to EPA employees related to the possibility of a government shutdown from Nov. 1, 2019 to the date this request is fulfilled.

Please consider any emails, memorandums as well as other documented forms of communication related to the possibility of a government shutdown as responsive to this request.

I would like to receive the information in an electronic text format (PDF is preferable) that is searchable via email or thumb drive.

I am willing to break this request up and receive the results in batches, if that would expedite the request. If so, I would prefer to receive the documents starting from the most recent available, going back to Nov. 1.

If you have any concerns with this request, or feel the responsive records may be too large to process, please contact me at 206.939.1119 or at zack.hale@spglobal.com to discuss further. I would appreciate your communicating with me by telephone or email, rather than by mail.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the federal Freedom of Information Act.

Freedom of Information Act (FOIA) which I understand have been pre-screened by personnel at the US EPA Region IX Office (US EPA). This request supersedes the previous FOIA request submitted June 13, 2018 by Roux Associates (the "Roux FOIA Request"), a copy of which is attached.

As also discussed, your former colleague, Taly Jolish, told me that the Roux FOIA Request, which sought all of your agency's documents pertaining to the above-referenced Superfund site (the "WDI Superfund Site") would have required US EPA to assemble and produce over 8,600 records. See Taly's attached June 18, 2018 e-mail and the index enclosed with her e-mail that lists these voluminous documents. Taly asked that CenterPoint submit an amended FOIA request that would greatly reduce the number of the requested documents to ease the burden and time it would take for your agency's staff to produce the requested records. My client has agreed to do so.

As you will see from the index attached to this request, we have substantially pared down the number of requested records from over 8,600 to just 186 documents. I understand that all of these records are in digital form and would be available online once your agency approves this request.

Please provide reply to this request at your earliest convenience.

Please contact me if you have any questions or would like to discuss this request.

Thank you again for your time and assistance. I greatly appreciate this.

Hello,

I submitted this same request in August and it was closed as a "Duplicate" request. Region 5 of the EPA is handling the request currently but HQ closed it. Upon further research and discussion with Region 5, I do believe that HQ also has responsive documents. I believe that both HQ and Office of Air Quality Planning and Standards (OAQPS) which is located in Research Triangle Park, North Carolina is also involved. Please see my request:

1. All documents regarding EPA's air dispersion modeling for ethylene oxide from or near the Sterigenics facility in Willowbrook, Illinois (Sterigenics Facility) including but not limited to copies of input and output modeling, any visualizations created, and any summaries created.
2. All documents regarding the monitoring of ethylene oxide concentrations in air near the Sterigenics Facility, including but not limited to work plans, Quality Assurance Project Plans for equivalent documents, all documents sent to or received from the analytical laboratory, data packages, chromatograms, and any documents summarizing or reporting the results. This includes the air samples taken in May 2018 by EPA and described in the attached ATSDR's Letter Health Consultation for Sterigenics International, Inc., Willowbrook, Illinois, dated August 21, 2018.
3. All communications mentioning ethylene oxide and/or Sterigenics, to or from any of the following: the Village of Willowbrook, Illinois; Village of Burr Ridge; Village of Clarendon Hills; City of Darien; Village of Hinsdale; Village of Westmont; Gower School District 62; or Hinsdale Township High School District 86. (Based on Keiser/GWC FOIA and Leopoldo FOIA 1.)
4. All communications between or among EPA, ATSDR, and the State of Illinois regarding the Sterigenics Facility from January 1, 2017 to the present.
5. All FOIA requests regarding the Sterigenics Facility by anyone else and EPA's responses to same.

Re: Freedom of Information Act Request  
Dear FOIA Administrator:

This is a Freedom of Information Act Request pursuant to 5 U.S.C. Â§ 552.

I request that a copy of the following documents be provided to me: all documents related to the National Oceanic and Atmospheric Administration (NOAA) Southern California Coast Angler Survey, OMB No. 0596-0110 (rev. June 29, 2003), as referenced in a June 2004 document prepared for the EPA titled, "A Survey on Recreational and Subsistence Fishing in Southern California Coastal Waters," including angler surveys, the Phase I and II completed questionnaires, site visit data forms, non-response tally forms, and all supporting documents used to prepare the report.

To the extent any of the records responsive to this request are stored in electronic format, please also provide a copy of the records in their native electronic format on CD-ROM or other media that will enable us to load the records onto a computer. When providing electronic records, please include metadata.

Please supply the requested records without informing me of the cost if the fees do not exceed \$1,000.00, which I agree to pay as necessary. Otherwise, I ask that you notify me of any search or duplication costs exceeding \$1,000.00, so that I may decide which records I want copied.

If you are not the appropriate contact for this FOIA request, please let me know so that I may direct this request to the appropriate contact. If you deny any part of this request, please cite each specific reason that you believe justifies your refusal to release the information with respect to each document or category of documents refused. Please also notify me of any appeal procedures available under the law.

			I am conducting a Phase I ESA in Charlotte, NC and an adjacent site may pose a significant environmental concern for our Property. The site is: 1500 Central Avenue, Charlotte, NC 28205. This is a RCRA NonGen site (EPA Handler ID: NCS000000231) that is referenced as having violation or undetermined details or records associated with this facility in the Compliance Monitoring and Enforcement table dated Aug, 2018. The facility at 1500 Central Avenue is also listed as having approximately \$40,000 in proposed fines. No releases are associated with the address, but we are concerned over the violations that could cause such steep fines.

Dear Sir or Madam:

Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have.

The site is located at 1368 Fulton Street in Brooklyn, New York (Block 1862, Lot 14). The 22,300-square-foot site is located south of Fulton Street and is bound by Super Foodtown to the east, Applebee's™ to the west and Herkimer Street to the south. The site is improved with a six-story commercial building.

Please contact me at 212-479-5618 with any questions or send your response to my attention at [dpalazzolo@langan.com](mailto:dpalazzolo@langan.com) or at the below address:

Hello. I would like to have access to the soil sampling results of the residential properties near the 35th Avenue Superfund Site in Birmingham, Alabama. According to what I have read, there are 1900 residential properties that were tested for semi-volatile organic compounds, metals (including arsenic and lead) and polycyclic aromatic hydrocarbons (PAHs), including benzo (a) pyrene, benzo (a) anthracene, and benzo (b) fluoranthene.

If the entire records for 1900 properties are not available, may I have access to the results from the properties that have had their soil removed. According to what I read, this is approximately 400 residential properties at this time.

I hope this e-mail finds you well.

I'm a PhD candidate at Georgia State University. I've done some research on the health and educational benefits of large-scale diesel retrofits of school buses in Georgia. I'm interested in doing a similar study nationally.

I'm very interested in two spreadsheets that appear on the EPA website:  
<https://www.epa.gov/cleandiesel/clean-diesel-rebates-issued-2012-2017>  
<https://www.epa.gov/cleandiesel/clean-diesel-national-grants-awarded>

The first shows all rebates issued to help school districts retrofit or replace old school buses, and the second shows all grants awarded through the DERA for diesel emissions reductions. The first does not state the amount of the grant or the number of buses retrofitted or replaced, while the latter does not contain all school bus retrofits that the former lists.

I was wondering if it might be possible to request the underlying spreadsheets for each of these lists, or perhaps even to request a more complete of all diesel emissions reductions grants awarded by the EPA through the DERA or ARRA or any other program. Ideally, I would like to know how many vehicles (especially school buses) are replaced or retrofitted, the nature of the retrofit or replacement (i.e. replaced with normal buses or propane buses; retrofitted with a DPF, CCF, etc. ), the specific recipient agency of the grants, the dollar quantity of the grant, and any other potentially useful information on these grants that the EPA might keep. For example, the Georgia Environmental Protection Division estimated emissions reductions of nitrogen oxides and particulate matter for each retrofit grant.

EPA-HQ-2019-002073 Mr. Garrett Wesley Austin Georgia State University Thank you in advance for your help in my data request. I'm immensely appreciative of all that the EPA does. #####

I would like the same inspection and enforcement information from RCRAInfo for Compliance Evaluation Inspections (CEIs) as I requested in my EPA-HQ-2018-000284v2 FOIA with the exception of the date range. I would like the data to include FY 2008 through FY 2018 (my previous FOIA only went through 2017). Lauren Jones probably still has the select logic for the data request since it is the same as before (with FY 2018 results added) and similar to what I would have pulled when I worked in OC. The information includes all the same data fields as before which includes: EPA Region, State, Handler Name, Handler ID, Handler Address, NAIC codes, Active Site, Handler type (Generator Status, TSD Type, Transporter), Inspection information including: Evaluation Start Date, Evaluation Agency, Evaluation Responsible Person, Evaluation Responsible Person Owner. I would also like the following RCRAInfo data fields included: FOUND\_VIOLATION , SAMPLING, VIOL\_TYPE, CDETERMINED\_DATE, VIOL\_DETERMINED\_BY\_AGENCY, CSCHEDULED\_COMPLIANCE\_DATE, CACTUAL\_RTC\_DATE, RTC\_QUALIFIER, ENF\_TYPE, CENF\_ACTION\_DATE, DOCKET\_NUMBER, ENF\_AGENCY, ENF\_RESPONSIBLE\_PERSON. EPA-HQ-2019-002045	Mr. Thomas W Ripp	none	I would like the same inspection and enforcement information from RCRAInfo for Compliance Evaluation Inspections (CEIs) as I requested in my EPA-HQ-2018-000284v2 FOIA with the exception of the date range. I would like the data to include FY 2008 through FY 2018 (my previous FOIA only went through 2017). Lauren Jones probably still has the select logic for the data request since it is the same as before (with FY 2018 results added) and similar to what I would have pulled when I worked in OC. The information includes all the same data fields as before which includes: EPA Region, State, Handler Name, Handler ID, Handler Address, NAIC codes, Active Site, Handler type (Generator Status, TSD Type, Transporter), Inspection information including: Evaluation Start Date, Evaluation Agency, Evaluation Responsible Person, Evaluation Responsible Person Owner. I'd also like the following RCRAInfo data fields included: FOUND_VIOLATION , SAMPLING, VIOL_TYPE, CDETERMINED_DATE, VIOL_DETERMINED_BY_AGENCY, CSCHEDULED_COMPLIANCE_DATE, CACTUAL_RTC_DATE, RTC_QUALIFIER, ENF_TYPE, CENF_ACTION_DATE, DOCKET_NUMBER, ENF_AGENCY, ENF_RESPONSIBLE_PERSON. Penalty information including: PROPOSED_AMOUNT, FINAL_AMOUNT, FINAL_MONETARY_AMOUNT. Finally, CSNY_DATE, CA_COMPONENT, and EVAL_TYPE. Finally, I'd like the output of the data pull to be organized by state by region instead of by FY (probably one Microsoft excel tab per region as opposed to one tab by year that was done for my EPA-HQ-2018-000284 request). The request should be free just like the last one.	#####

Diversified acquired BIYA which is located on the Ute Mnt Ute Res in the Horseshoe Gallup area. Contained within the MDA with the Ute Tribe exists the following language, "The parties further agree that BIYA is not assuming ownership of operation of the Horseshoe Gallup Unit "facility", "facilities", or "regent facilities" as those terms may be utilized by the US Environmental Protection Agency (EPA), in the context of any compliance order or other enforcement proceeding against the previous Operator of the terminated Horseshoe Gallup Unit or the canceled oil and gas leases formerly dedicated thereto. BIYA shall not be bound by, and shall not be required to perform or otherwise assume any responsibility under (1) the EPA Region IX order OPA-9-2002-00006 directed to the former Operator of the Horseshoe-Gallup Unit or its successors, or (2) the EPA Region 8's adoption of the Region IX Order, any related enforcement action that may be subsequently initiated by the EPA, or any other governmental agency having appropriate jurisdiction."

BIYA/Diversified made a FOIA request to Region IX and received a copy of the compliance order, however, the order had no information regarding what wells, lats/longs, etc to indicate the locations of the spills. BIYA also requested supporting documentation from Region IX but none could be located. BIYA suspects the spills were actually located on the Ute Mountain Ute Reservation as it is in Region 8's district. Subsequently the compliance order was transferred to Region 8, therefore BIYA is now requesting Region 8 to review their records to offer any of the following information:

- 1) Locations of the spills,
- 2) Regent's response to the Compliance order,
- 3) Sample analysis' obtained during remediation, and
- 4) any other pertinent information regarding the order and response.

EPA-HQ- 2019- 001994	Nick Krasnow		Thank you, Nick	12/7/2018

Hello,

We are conducting a Phase I Environmental Site Assessment at a property in Newport Beach, California.

We are interested in obtaining documents related to APN 445-134-17 (which is not associated with any address). We are also interested in obtaining documents pertaining to 4311-4321 (odds) Jamboree Rd., Newport Beach CA 92660.

For this request, environmental records would include underground storage tanks, aboveground storage tanks, and/or other environmental permits, enforcement orders, and reports and correspondence related to site investigation/assessment, soil sampling, monitoring, cleanup/remediation, removal actions, closures, or any records related to conditions in air, soil, surface water, groundwater, or other environmental media.

The properties for which we are requesting records may be called Jazz Semiconductor, and prior property names include Conexant Systems and Rockwell International Semi-Conductor Division.

Can you please notify us if you have any records? Please contact me if the charges for processing will exceed \$25.

-----  
Dear Regional Freedom of Information Officer:

This is a request under the Freedom of Information Act. I hereby request electronic copies of the following records:

1. Post-2013 communications (emails, papers, reports, memos, and letters) between the U.S. Environmental Protection Agency and Lennar Corporation that discuss Tetra Tech, Inc.; TestAmerica Laboratories, Inc.; and/or The Treasure Island and Yerba Buena Island development project in San Francisco.

Since this correspondence is most likely to have been conducted via email, I request that the agency first search its emails and electronic files. I would like to receive the information in a digital file format (i.e. PDF or Word). If digital files are not possible to transmit, I would like to receive copies in a paper format.

As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. These documents are in the public interest because they contain valuable information about residential development and soil testing on Treasure Island, a former Naval station that is now home to around 2,300 residents.

In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with Business Insider ([www.businessinsider.com](http://www.businessinsider.com)), and this request is made as part of news gathering activity and not for commercial use.

If my request is denied in whole or part, please justify all withholdings by reference to specific exemptions and statutes, as applicable. For each withholding, please also explain why your agency reasonably foresees that disclosure would harm an interest protected by an exemption or why disclosure is prohibited by law.

If you have any questions regarding this request, please contact me at 949-300-7625 and/or [abendix@businessinsider.com](mailto:abendix@businessinsider.com).

I look forward to receiving your response within the 20 day statutory time period.

Thank you in advance for your assistance.

Any electronic correspondence, including attachments, exchanged between anyone in the Office of the Administrator or Acting Administrator of the Environmental Protection Agency and Congressman Ralph Abraham or any of the following staff members in the Congressman's office: Luke Letlow, Edward Verrill, Allen Cambon, Patrick Barron, Kaiser Heinz, Robert Avery, Courtney Alexander, Ann Pierce, Lilia Boies, or Donna Howe. My request covers January 3, 2015 through the present.

Records of any meetings between anyone in the Office of the Administrator or Acting Administrator of the Environmental Protection Agency and Congressman Ralph Abraham or any of the following staff members in the Congressman's office: Luke Letlow, Edward Verrill, Allen Cambon, Patrick Barron, Kaiser Heinz, Robert Avery, Courtney Alexander, Ann Pierce, Lilia Boies, or Donna Howe. My request covers January 3, 2015 through the present.

If this request is denied in whole or in part, I ask that you cite in writing the specific statutory exemption upon which you have relied. I also ask that you provide non-exempt portions of otherwise exempt documents.

I am willing to pay up to \$50 for your office to fulfill this request. If the cost of fulfilling this request will exceed that amount, I request that you provide me with a written cost estimate by e-mail at [foia5742@gmail.com](mailto:foia5742@gmail.com) prior to incurring any costs.

The January 2018 issue of the journal "Water Environment Research" has the following article by two engineers at the Urban Watershed Research Facility (UWRF) operated by EPA's Office of Research and Development (ORD) in the Edison Environmental Center, NJ: A. Selvakumar; T. P. O'Connor (2018) "Organism Detection in Permeable Pavement Parking Lot Infiltrates at the Edison Environmental Center, New Jersey." Water Environ. Res., 90, 21-29. This is my second FOIA request concerning this article. The ORD's National Risk Management Research Laboratory is the custodian of the requested records.

In response to my FOIA Request EPA-HQ-2018-007139 concerning this article, EPA provided (among many other files) a "Raw data-Temperature-Rainfall.xlsx" file that includes "Average Temp" data for (among other dates) 7/30/2015, 8/11/2015, 8/21/2015, 9/11/2015, and 9/30/2015. I request daily and hourly air temperature, wind, humidity, and solar radiation data for all days, in the period July 1 through September 21, 2015, inclusive, that are in the data set from part of which the above mentioned "Average Temp" data was derived. (I also request identification of the location(s) where the requested July 1 through September 21, 2015 data were measured.) The requested July 1 through September 21, 2015 data are not in the "UWRF Weather Station 07-31-13 to 02-26-16.xlsx" file (which EPA also provided in response to FOIA Request EPA-HQ-2018-007139) "a file which included no data for the period April 18 through September 21, 2015, inclusive, with the explanation "Weather station malfunction. Data Gap."

Under the Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of records pertaining to water systems on the Warm Springs Reservation, specifically:

- Sanitary surveys of the Warm Springs water treatment plan and any water-related infrastructure on the Warm Springs Reservation since 2008
- all correspondence (including but not limited to emails, texts, notices of violation, interoffice memos) involving EPA employee Ricardi Duvil in reference to the Warm Springs water systems and between representatives of the Confederated Tribes of Warm Springs.
- agency correspondence regarding boil water notices for the Warm Springs reservation since 2008.

I request these records in an electronic format. I prefer to receive the materials in a rolling fashion, as they become available.

I prefer to receive the materials in a delimited text format. Furthermore, please provide all the documentation, including any record layouts, code sheets or schema needed in order to analyze the information.

As required by FOIA, segregable portions of otherwise exempt material must be released. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of FOIA.

If you deny all or any part of this request, please cite each specific exemption you think justifies your withholding of information. Notify me of appeal procedures available under the law. I would appreciate your communicating with me by email, rather than by telephone or mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you for your assistance.

To whom it may concern:

Could you please provide a copy of the Generic Data Call-In (GDCl) issued during the Registration Review of Butoxypolypropylene glycol (Docket ID: EPA-HQ-OPP-2016-0048)? According to the Final Work Plan, the Agency was anticipating issuing the GDCl between April-June, 2017, however nothing has been posted to the docket in the subsequent 18-months. If no DCI has been issued, it would be helpful to know that as well.

Hi Wanda,

I just got your voicemail. My apologies that the email about the Hudson River FOIA never came through. I'm not sure what happened.

Here's a revised request based on our conversations:

I'm seeking access to and copies of all correspondence including email, text messages, calendar notations and meeting minutes, from any of the following listed individuals regarding a meeting between executives from General Electric Co. and Administrator Lisa Jackson regarding the cleanup of pollution in the Hudson River in 2010, and any of the same types of records regarding a related meeting between GE representatives and officials at the White House in the same time period: Robert Sussman, Barry Breen, Walter Mugdan, Lisa Jackson, Judith Enck.

I hope this clarifies the request sufficiently.

Thanks,

I am requesting files pertaining to the investigation, remediation, monitoring, and closure of a polychlorinated biphenyl (PCB) release from the utility company at the following facility location:

4445 Barnwell Road (Utility Pole Number 142957 on Easement of the Property)  
Williston, South Carolina

The responsible party of the release is SCANA (SCE&G) Energy while the facility is operated by Dayco. The release was discovered in 1998. SCE&G reportedly developed a remediation plan that was approved by EPA Region 4 and approximately 120 yards of soil was excavated in April and May 2000 and a complete report was generated in October 2000. Correspondence included Mr. Craig Brown (brown.craig@epamail.epa.gov) of the EPA in at least April 2000.

This request is for correspondence, investigation reports, remediation reports, lab data, and agency closure documentation related to the utility PCB release on the easement of the referenced property. Documentation I have available has been attached.

Pursuant to the Freedom of Information Act (5 U.S.C. Â§ 552), I request copies of records in the possession, custody, or control of the U.S. Environmental Protection Agency (EPA) pertaining to an industrial site at the following address: 6505 Edgewater Dr., Orlando, FL. Preliminary research on the site indicates that the following companies operated at this address during the years indicated:

- Orange Electric Company (1972-1979)
- Marine Resources, Inc. (1979)
- AI Corporation of Maryland (1981-1993)

Responsive records include, but are not limited to the following:

- Reports related to environmental studies, environmental remediation investigations, and/or environmental remediation plans
- Pollution studies or reports
- Hazardous waste manifests
- CRA and TSCA reports

To the extent any of the records responsive to this request are stored in electronic format, please also provide a copy of the records in their native electronic format that will enable us to load the records onto a computer. In doing so, I request that you provide any metadata associated with the electronic records.

If, for any reason, EPA decides to withhold or redact records responsive to this request, please cite each specific reason that you believe justifies your refusal to release the information with respect to each document or category of documents.

Please supply the requested documents without informing me of the cost if the fees do not exceed \$500.00, which I agree to pay as necessary. Otherwise, I ask that you notify me of any search or duplication costs exceeding \$500.00, so that I may decide which records I want copied. Finally, if you are not the appropriate contact for this FOIA request, please let me know so that I may direct this request to the appropriate contact.

Good afternoon,

I am performing a Phase I Environmental Assessment and am looking for information on two USTs that were previously "closed without a permit" at the property addressed at:

4219 W 15th St, Erie, PA - listed as Erie Industrial Trucks, Inc.

Regulatory information lists them as one 3,000-gallon and one 1,000-gallon gasoline USTs with no information as to installation, closure, or conditions of the tanks and any possible releases or if they still contained gasoline.

Any information you could provide would be greatly appreciated.

The Mahindra Roxor (exhaust emissions family KMNCX2.52DM1 per EPA 40 CFR 1051 ATVB-Meeting EPA ATV Definition) is a lightly de-contented and restyled variant of the left hand drive Mahindra Thar sold as an on-road vehicle in lesser regulated countries. The 1051.801 definitions of Offroad utility vehicle and All-terrain vehicle (subpart 2 in particular) do not preclude EPA 40 CFR 1051 certification of vehicles capable of off-road operation, even if the vehicle is certified/eligible for on-road operation in foreign markets. Some foreign jurisdictions allow on-road certification of even conventional sport-recreational vehicles such as the Polaris Ranger.

Presumably and appropriately, EPA certified the emissions performance of the Roxor to the product category for which it complies and for which the manufacturer applied.

I am interested in certifying other similar foreign market vehicles and therefore request EPA to:

- 1) Provide any Mahindra generated presentations or other communications which demonstrate distinctions between Thar models and the KMNCX2.52DM1
- 2) Provide all communications between EPA and Mahindra relating to EPA recognition/acceptance of the KMNCX2.52DM1 as a 40 CFR 1051 certifiable vehicle.
- 3) Provide all EPA communications related to acceptance of the KMNCX2.52DM1 as a 40 CFR 1051 certifiable vehicle.
- 4) Provide 40 CFR 1051 certifiable vehicle emissions measurement and service accumulation test procedures and results.
- 5) Any communications related to EPA mandated changes to the vehicle
- 6) Provide all non-CBI application support documents

(3) A June 14, 2018, OECA document titled "Possible Reasons for Decline in Inspection/Enforcement and Ideas for Reversing" (the document presents seven possible explanations that might be contributing to the dropping enforcement tallies). If my request is denied in whole or part, I request that you provide a specific, detailed justification for withholding or redacting any of the documents. I would note that to qualify for Exemption 5 a document must be both "predecisional" and "deliberative," not simply one or the other. Also, it applies only to "deliberative documents" and, consequently, it generally does not cover factual material or factual portions of otherwise deliberative documents.

Please provide certified copies of all records related to the Marrero (Jefferson Parish) Louisiana Westbank asbestos Superfund clean-up project that took place from 1996 to 1998 (EPA site #: LAD985170711).

Specifically, we are seeking a list of the properties (including homes, commercial properties, and public properties) that were abated, as well as copies of letters sent to individuals who had known asbestos scrap on their property (including residents and commercial property owners). We are trying to find if the agency communicated with Brenda Cantrelle, Dalton Cantrelle, Charles Estes Sr, or Ella Bourgeois, or if the agency had communication with the residents at 2836 Britannica Dr., Marrero, LA 70072; 2848 Barataria Blvd., Marrero LA; or Little Flower Lane, Marrero, LA.

We are also seeking any records of any community / town hall meetings that were held at any of the 3 Jefferson Parish schools (William Hart Elementary at 2001 Hancock St. Gretna; Ames Elementary School at 500 Pine Street, Marrero; and Westwego Elementary School at 537 Ave. D, Westwego). Date range of records being requested: 1995 to 1999. We are only seeking publically available information. We do not want PBI. We are willing to pay up to \$600 in fees. Please let me know if the fees exceed \$600. Please provide as much information as you can as soon as possible. If you can only provide a partial response, please prioritize lists of properties/addresses that were abated that is the most important information we want. We will accept an index, but we would not consider that a complete response to our request; we still want the actual records. If you already have an index ready to go, we will take it and can use it to tell you what records are high priority for us, but don't spend time making an index that could otherwise be spent producing the records themselves. Looking for a history of UIC Well Inventory Over Time (from 2000-2015 or last published). The forms that the EPA uses to collect this from the various states are 75-20. Per conversation with William Bates at EPA he mentioned best way to get this info would be request of those forms themselves. I am writing a research perspective article on produced water management and specifically focused on the number of Class II disposal wells per year. I have attached the FY 17 for states as an example of data I am requesting (I have FY 16 and FY 17 for states and tribal lands). Thanks.

Re: Freedom of Information Act Request

Dear FOIA Administrator:

This is a Freedom of Information Act Request pursuant to 5 U.S.C. Â§ 552.

I request that a copy of the following documents be provided to me: all documents related to the 2003 Compliance Agreement under the Toxic Substances Control Act between the City of San Diego Aircraft Carrier Museum and the United States EPA regarding the transfer of the ex-USS Midway, including the Navy's application for the agreement and the complete files of the PCB Program, Toxics Office program regarding the ex-USS Midway. To the extent any of the records responsive to this request are stored in electronic format, please also provide a copy of the records in their native electronic format on CD-ROM or other media that will enable us to load the records onto a computer. When providing electronic records, please include metadata.

Please supply the requested records without informing me of the cost if the fees do not exceed \$1,000.00, which I agree to pay as necessary. Otherwise, I ask that you notify me of any search or duplication costs exceeding \$1,000.00, so that I may decide which records I want copied. If you are not the appropriate contact for this FOIA request, please let me know so that I may direct this request to the appropriate contact. If you deny any part of this request, please cite each specific reason that you believe justifies your refusal to release the information with respect to each document or category of documents refused. Please also notify me of any appeal procedures available under the law.

If you have any questions about this request, please contact me at [laura.solancho@thomsonreuters.com](mailto:laura.solancho@thomsonreuters.com). Thank you for your time and attention to this matter.

EPA-R8-2019-001459	Devin Black	RETTEW	RETTEW is working on behalf of WDEQ to determine a comprehensive site history for the Former Franco Wyoming Refinery located southwest of the intersection of East 4th Street and South Beverly Street, Casper, WY. WDEQ has provided limited information relating to the site that references an EPA investigation conducted at East Junior High School (900 South Beverly Street) in response to the potential for the presence of wastes associated with the former refinery. A news article (attached) references the findings of the investigation. RETTEW has not been able to find any documentation relating to this investigation. MyProperty and Envirofacts searches using both street names and potential addresses did not yield any results for the former refinery or junior high school.	#####

Under the Freedom of Information Act, 5 U.S.C. Â§ 552, we are requesting copies of certain records relating to the proposed Consent Decree lodged with the United States District Court for the Western District of Missouri on October 31, 2018, in United States of America, et al v. Blue Tee Corp., et al., Case No. 3:18-cv-5097 (â€œProposed CDâ€)

Description of Requested Documents and Records

In particular, we request the following documents and records:

1. The â€œFinancial Informationâ€ and â€œinsurance informationâ€ submitted by Blue Tee Corp. and Brown Strauss, Inc. (â€œSettling PRPsâ€) in connection with the Proposed CD and upon which the government plaintiffs represent pursuant to the terms of the Proposed CD that the Settling PRPs have limited financial ability to pay for CERCLA response costs and natural resource damages incurred and to be incurred by the government plaintiffs at the twenty (20) sites covered by the Proposed CD. â€œFinancial Information,â€ as defined in the Proposed CD, means â€œthose financial documents and responses to information requests provided to the United States [by Settling PRPs] between May 1, 2016 and February 28, 2018.â€

2. Documents and records supporting the settlement of claims under the Proposed CD for the Carpenter-Snow Creek Mining District (â€œCSC Siteâ€) including, but not necessarily limited to, documents and records relating to: (a) the Settling Defendantsâ€™ or the Settlement Defendantsâ€™ predecessorsâ€™ allocation or share of liability at the CSC Site; or (b) the government plaintiffsâ€™ past and estimated future CERCLA response costs and natural resource damages associated with the CSC Site. The CSC Site, as defined in the Proposed CD, means â€œthe Carpenter-Snow Creek Mining District Superfund Site in Cascade County, Montana, including the Silver Dyke Mine and Adit.â€

This is a request under the Freedom of Information Act.

I would like to request that a copy of the following documents (or documents containing the following information) be provided to me:

- 1.) Nationwide coverage of data included in the attached (MS and AL .pdf samples attached) but on a nationwide scale of commercial poultry farming.
- 2.) Data contained in this data set should have, but not limited to, the data points in the attached spreadsheet.

Acceptable format could be any digital file containing the above information with attached field descriptions. If no digital formats are available other formats could be acceptable but please contact me first.

In order to help to determine my status to assess fees, you should know that I am a representative of Mississippi Poultry, a 3 person poultry news and brokerage company. This request is made for data that will be used for news and research purposes, in the promoting of commercial poultry farming in the USA.

We have currently contacted all of the farms in MS and would like to expand and share our knowledge of the poultry business using nationwide metrics, giving our farmers a free and valuable service. Market information will also be made available to the public in the form of news from our company, Mississippi Poultry.

I am willing to pay fees for this request up to a maximum of \$500. If you estimate that the fees will exceed this limit, please inform me first.

Thank you for your consideration of this request.

This is a request under the Freedom of Information Act. 5 U.S.C. Â§ 552 et. seq. I am making this request on behalf of the Friends of Toppenish Creek. We hereby request that you provide copies of the following materials:

All records, data, studies, reports and communications related to an Exposure Investigation (EI) to assess human exposure to airborne concentrations of ammonia, hydrogen sulfide, and particulate matter in ambient air near animal feeding operations in or near Harrah, Washington that was conducted by the Agency for Toxic Substances and Disease Registry (ATSDR) during 2014 and 2015

The purpose of this request is to be considered broadly and not exclude any other records that have a reasonable relationship to the subject matter of this request unless we have specifically stated the record to be excluded. If you or your office has destroyed or determines to withhold any documents that could be reasonably construed to be responsive to this request, I ask that you indicate this fact and the reasons therefore in your response.

Additionally, I request that you waive all copy, clerical and other fees associated with providing information responsive to this request. The FOIA requires the federal government to furnish documents to public interest groups free of charge, or at a reduced rate, â€œif disclosure of the information is in the public interest.â€ 5 U.S.C. Â§ 552(a) (4) (A) (iii).

The Friends of Toppenish Creek is a 501 C(3) non-profit environmental group located on the Yakama Reservation and organized to protect the air, water and soils as well as the health of the people who live in the Lower Yakima Valley.

I thank you in advance for your prompt reply. Please do not hesitate to contact me should you have any questions, concerns or comments regarding this request. You may direct all communications and responses relating to this request directly to me.

I would like to request the following information:  1. AHERA Compliance data for as many states as that information is available.  2. Number of AHERA violations over a 10-15 year time span  3. Data on the cost of remediation and whether taxpayer money was used to pay fines for non-compliance.  4. Whether or not these fines are negotiated	#####
EPA-HQ-2019-001336	Aaron A Johnson		Dear FOIA officer:  I am requesting the following records from the Environmental Protection Agency pursuant to the Freedom of Information Act (5 U.S.C. Â§ 552): all applicable lists of nominees for the Science Advisory Board (SAB) for the calendar years 1997 to 2018 that contain the name "Anthony Lupo" or "Anthony R Lupo" or "Anthony Rokko Lupo" or "Lupo, Anthony"; and any and all communications that may include emails (cc, bcc, or within email body), memoranda, correspondences, notes, and text messages and other forms of electronic communications pertaining to Lupo's nominations to the SAB from November 28, 2014 (the day SAB nominations were solicited for 2015), to the day my request is fulfilled. Other search criteria that may help are "University of Missouri" or "MO" or "Atmospheric sciences" or "Widecast List of Nominees."  For any documents or portions of documents you deny due to a specific FOIA exemption, please provide a Vaughn Index (Vaughn v. Rosen, 484 F.2d 820, 827 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974)), including a detailed justification of your grounds for claiming such exemption and an explanation for why the exemption is relevant to the document or portion of the document withheld.  If possible, I would prefer my request be filled electronically, by email attachment if available or CD-ROM if not. My email address is danschwartz300@gmail.com.  I understand my request may return a large volume of records. If so, I am happy to take documents as they are discovered and on a rolling basis. If you have any questions, please call me at 774-644-2207.	#####

EPA FOIA Officer:

This is a request under the Freedom of Information Act. I hereby request copies of the following records or all records containing the following information:

1) Price information by Offerors in response to Requests for Quotations issued after January 1, 2015 by the Environmental Protection Agency for patent services including quoted price for specific services and whether the offers were accepted or rejected.

As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. A FOIA request for these documents is necessary due to the inability to locate information other than total purchase agreement amounts for patent services. Government contracts are public contracts and therefore the information should be made available.

I am willing to pay fees for this request up to a maximum of \$50. If you estimate that the fees will exceed this limit, please inform me before processing my request.

If any or all of this request is denied, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

If you have any questions regarding this request, please contact me at (971) 271-8020. I look forward to receiving your response within the twenty day statutory time period. Thank you for your consideration of this request.

Sincerely,

This is a Freedom of Information Act (FOIA) request for the following records & communications dated January 2004 to November 2018 regarding environmental & health concerns in one or more military or privatized housing community at Marine Corps Base Hawaii (MCBH) and/or Joint Base Pearl Harbor-Hickam (JBPHH):

1. Records & communications including emails, letters, attachments, reports, comments, papers, transcripts, environmental data, meeting agendas & minutes, complaints, notes & related records that pertain to any active, pending or closed law enforcement investigation(s) involving environmental issue(s), hazards and/or violations at either military installation, including potential failures to comply with laws relative to proper & safe identification, characterization, management, storage, transport, disposal and/or monitoring of hazardous waste and/or pesticide-impacted (PI) soils.
  - a. Please know that pursuant to a prior FOIA request to the US Navy & Marine Corps, hundreds of related FOIA records were released in December 2017 in which Exemption 7 was repeatedly used to redact names & certain portions of related communications & records. My understanding is Exemption 7 can only be used to redact information that pertains to a law enforcement investigation.
2. EPA Region 9 communications with representatives of Hawaii Department of Health (HDOH) that discuss or mention a potentially related law enforcement investigation, pesticides, PI soils and/or hazardous waste, including any records attached or enclosed.
3. Records & communications that discuss, mention or are to/from representatives of Ohana Military Communities (OMC), Forest City Enterprises or Realty Trust (Forest City), Hunt Companies (Hunt), Hawaii Military Communities (HMC), NAVFAC, MCICOM, MCBH, JBPHH, NEHC, NMCPHC, Advanced Compliance Solutions, Inc. (ASCI), Dennis Poma, Hickam Communities, Tetra Tech and/or any representatives of their subsidiaries, Parsons or other consultant or lab.

EPA-R7-2019-001252	Michael Carolan		Quality Assurance Project Plan (QAPP) for the Phase II Environmental Site Assessment (ESA) of the Holden Business Park, Holden Missouri.	11/7/2018
			Request on behalf of Jason Nicholas, owner of 317 Chestnut, Atlantic, Iowa. Attention: Katherine Gully, Environmental Protection Agency Region 7. This replaces the previous FOIA request which is withdrawn. Pursuant to 5 U.S.C. Â§ 552, we request the following non-privileged communications and documents: reports, assessments, maps, photographs, well location maps, 2-D or 3-D plume maps, boring logs, boring maps, lab reports, cost studies, feasibility studies, and historical reviews, pertaining to 317 and 319 Chestnut St., Atlantic, Iowa 50022 (the "Site") and pertaining to adjacent properties immediately surrounding the Site for which such documents may relate to the Site, including 315 Chestnut St., Atlantic, Iowa 50022. I would prefer to receive the documents described above in digital format. Please make the documents available as soon as possible as they become approved for transfer. The EPA has Please let me know if you require any additional information from me to process my request.	
EPA-R7-2019-001231	James Pray	Brownwinick	I do not agree with any interpretation of 5 USC section 552(b)(9) that sampling locations and lab results are not subject to FOIA under "Exemption 9." Attached is the Justice Department memorandum on the interpretation of that exemption. I do not believe that a boring would constitute a "well" since it cannot by definition be used to produce water resources, commercially or publicly. It is used to sample soil and contaminates in soil. My client owns the property where the soil removal operation will be made, so I do not believe the EPA can withhold that information since the information pertains to my client's property. For properties not owned by my client, borings which are not developed into wells (with casings and screens) do not constitute a well. For groundwater sampling wells not located on my client's property I do not believe that they constitute "wells" or geological data since they are installed for the sole purpose of extracting samples of water for lab testing.	11/7/2018

<p>I am contacting you to request the comprehensive records from the EPA regarding The Otis Hotel (110 S Madison St, Spokane, WA 99201) dating back to 1993. Including but not limited to any inspection or investigation and the subsequent findings, sampling, testing, complaints, notices, fines, citations, litigations civil or criminal for the current owner and past. Specifically, and most urgently please supply records regarding:  - Special Agent Matthew Stratton with the U.S. Environmental Protection Agency criminal investigation into the current developer and contractors (see next bullet for company names). Stratton's report may include my name as I was interviewed in late August 2018 if that helps.  - Records for Hos and Boz LLC, Santiago's Handyman Services, 4 Aces Restoration LLC and any other firm associated with the current build out at 110 S Madison and any other projects and properties that you have records for these firms.  -I am told that there was a years, maybe decades old, asbestos abatement form posted at the site upon inspection. If you have any record of this occurrence, please include.</p>

--------------------	----------	--	---	-----------

Pursuant to the Freedom of Information Act, 5 U.S.C. Â§ 552, I request a copy of all records, from 2014 to 2018, pertaining to the U.S. Environmental Protection Agency's (EPA's) determination, as reflected in the EPA's announcements of the September 18, 2015 and November 2, 2015 notices of violation (NOVs) that the Volkswagen diesel vehicles that were the subject of the NOVs remain legal to drive and resell. The EPA's announcements of this determination can be found at the following locations:

- 1) <https://archive.epa.gov/epa/newsreleases/epa-california-notify-volkswagen-clean-air-act-violations-carmaker-allegedly-used.html>;
- 2) <https://archive.epa.gov/epa/newsreleases/epa-california-notify-volkswagen-additional-clean-air-act-violations.html>.

I also request a copy of all records, from 2014 to 2018, pertaining to the EPA's confirmatory testing of vehicles in connection with Volkswagen's December 2014 recall. This testing is described on page four of the EPA's September 18, 2015 notice of violation, which can be found at the following location: <https://www.epa.gov/sites/production/files/2015-10/documents/vw-nov-caa-09-18-15.pdf>

For purposes of these requests, records includes, but is not limited to, public statements, documents, and regulations.

If the EPA maintains the records I seek in electronic form, please provide the information in that form. Otherwise, pertinent records may be provided in printed form.

EPA-HQ-2019-001181	Mr. Brian T Stansbury	King & Spalding LLP	I request these records as a lawyer, in private practice, seeking information as part of a fact gathering activity and not for commercial use. If any expenses in excess of \$10,000 are incurred in connection with this request, please obtain my approval before any such charges are incurred.	11/6/2018

In order to view any pertinent information I have to continuously click, I'm requesting to have the contents for Lord Fairfax Health District database sent to me in Microsoft Excel format, so I can easily organize the information and reach out to businesses requiring this certification with ease. Currently it's very time consuming to click on each name, when I'm more than sure there is a spreadsheet with the same information available. To convert the database to excel format, I don't have an option to do so I was told I needed to ask you.

HOW WILL I USE THIS INFORMATION:

EPA-R6-2019-001155	Mr. Bryan Wade Clevenger	EnSafe	Please provide all records regarding wastes, violations, enforcements, and penalties for TUBAL-CAIN MARINE SERVICES - TXR000079853. Please include any EPA records for the facility (address 8737 Old Yacht Club Road) from 2007 to present. We are specifically looking for records associated with the civil enforcement case described on the attached document: "Case Summary -- On January 13, 2017, EPA Region 6 issued a Consent Agreement and Final Order (CAFO) to Tubal-Cain Marine Services to resolve violations of the Resource Conservation and Recovery Act. The violations include failure to conduct a hazardous waste determination, failure to obtain a permit for permit required activities and failure to meet requirements of a universal waste generator. Under the CAFO, Tubal-Cain will be required to pay a penalty of \$63,000 and take actions to ensure that the violations do not recur. Tubal-Cain was inspected as part of a "barge cleaner initiative" series of inspections in 2014. Please let us know if there is any CBI information found and we will make that determination. We're happy to cover costs on this. Please let us know if you expect more than the \$60.	11/5/2018

EPA-R4-2019-001144	Dr. Jonathan Couch	My name is Dr. Jonathan Couch. I am in the process of purchasing some cropland adjacent to an old chrome plating facility. I am highly concerned about contamination of the soil and water from the hazardous chemicals used in the plating process. The business no longer exists now but the name and address is as follows: Brown's Plating Services INC, 1010 Krebs Station Rd. Paducah, KY 42003. The facility has been changed into a refrigerator repair business called I.C.I. Just south of the facility a road has been made and a forest has been cleared. I am concerned that this may have been a dumping area of hazardous waste. However, I do not have any evidence to support that claim. I have attached a map with the facility and the area of that I am concerned about circled. I am writing to request any records that may be associated with this facility and its management of its hazardous materials and whether any soil or water testing was completed.	11/5/2018

-Ryan Jackson, chief of staff in the Office of the Administrator

-Albert â€œKellâ€ Kelly, senior advisor to the administrator

that include any of the following terms:

â€œSheldonâ€

â€œAdelsonâ€

Please search not only the body of the emails, but also attachments, subject lines, and to/from fields.

I would like to receive the information in the following format: electronic.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

I am writing on behalf of the Democratic National Committee to request the following records in the possession of the Environmental Protection Agency:

All records of any actual funds expended or projected expenditures for renovations (including furnishing, remodeling, redecorating, purchasing furniture, changes to furniture or other objects in office suites or common areas, or making improvements) of any part of the office of the Administrator. The word office includes the entire suite of offices (including foyers, waiting rooms, conference rooms, adjacent hallways, or other common areas) assigned to the Administrator, as well as any other space primarily used by this individual or any other space that is directly controlled by this individual. This request includes all but is not limited to all itemized expenses, expense reports, invoices, expense records, quotations, purchase orders, purchase card expenses and e-mails (including attachments).

All requests sent to the House Appropriations Committee or the Senate Appropriations Committee seeking approval to renovate, furnish, redecorate or make any of the other aforementioned improvements to any part of the office of the Administrator. This includes both approved and rejected requests.

This request covers April 1, 2018 to September 30, 2018.

We would appreciate your communicating with us by e-mail at [researchinfo@dnc.org](mailto:researchinfo@dnc.org) rather than by mail or telephone, if you have questions regarding this request.

If only portions of a record are exempt from the Freedom of Information Act, we ask that you release the entire document with any necessary redactions. If all or any part of this request is denied or redacted, please cite the specific exemption which you believe justifies your redactions or refusal to release the information and inform us of your agency's administrative appeal procedures available to us under the law.

Good Day. My name is Kayo Mullins and I am with the Law Firm of Waters & Kraus in Dallas, TX. Per the Freedom of Information Act, we are requesting the following documents which may be held in the Region II records office.

1. All documents related to the EPA's March 1986 2,3,7,8-tetrachlorodibenzo-p-dioxin (TCDD) screening carried out at the Occidental Chemical Corporation's Niagara Falls, NY facility located at 4700 Buffalo Avenue, Niagara Falls, NY 14302 (EPA ID NYD000824482) (hereinafter the "Buffalo Avenue Plant") including
  - a. The EPA work plan entitled "Work Plan - Survey of TCDD Migration from TCP Production Area - Buffalo Avenue Plant Site," dated August 1986. This document was created in connection with an EPA visit to the Buffalo Avenue Plant in March of 1986;
  - b. All documents related to the investigation of how the Buffalo Avenue Plant became contaminated with TCDD;
  - c. Any other documents related to the March 1986 screening or August 1986 report, including any historical dust migration surveys, transportation route surveys, overburden migration surveys, and sanitary sewer and outfall sediment surveys prepared in connection therewith.
2. The original EPA Title V Permit Application filed by Occidental Chemical Corporation and/or Hooker Chemical Company for the Buffalo Avenue Plant, including any engineering drawings in legible, high-resolution format.
3. The EPA report entitled "Sample Collection Report, Survey of TCDD Migration from TCP Production Area," dated December 1986.
4. All documents detailing the kind and quantity of chemical contamination of the City of Niagara Falls Drinking Water Treatment Plant that was located adjacent to the S-Area waste disposal site at Buffalo Ave, Niagara Falls, NY 143030 (EPA ID NYD980651087) caused by the Buffalo Avenue Plant operations. Langan Project No. 170382302

☒

Dear Sir or Madam:

Pursuant to the Federal Freedom of Information Act (5 U.S.C 552 et seq.) dealing with the examination and duplication of documents maintained by public agencies, Langan is requesting any information or copies of files regarding environmental conditions on the above property, such as environmental permits, notices of violations, spill/discharge incidents, storage or disposal of hazardous substances, Underground Storage Tanks (USTs), Leaking Underground Storage Tanks (LTANKs), asbestos abatement, and any other environmental reports that your department may have.

The subject property is located at 27-19 44th Drive in Long Island City, New York. The subject property is also identified as Block 268, Lots 8 and 20 in the Borough of Queens. The subject property is bound by Lots 11, 13, 15 and 18 of Block 268 to the north, Purves Street to the east, Lot 4 of Block 268 to the south, and 44th Drive to the west. The site may also be identified by the following addresses: 44-12 and 44-16 Purves Street.

Please contact me at 212-479-5476 with any questions or send your response to my attention at gwyka@langan.com or at the below address:

Provide two lists first one of all EPA's freedom of information act request and the second for all EPA's FOIA appeals from January 1, 2017, through October 31, 2018. Each report should have a columns FOIA Request number, Request description, track, date of submission/filed, date request/appeal went into the processing milestone (date EPA began processing), date of determination/disposition was sent to Requester and date request/appeal was closed. This should be very easy since the EPA is the administrator of the FOIAonline system in the EPA system of records labeled EPA-9 and all these records/fields exist in the EPA possession should be able to be printed in using the EPA's FOIAonline by a FOIAonline administrator.

Terracon is conducting an environmental site assessment (ESA) on a property that was listed in the EPA regulatory database as a Brownfield Site. As part of our ESA, we are required to review environmental records for the subject site. I would like to request the Brownfield Management System (BF) file for the Almond Tree Property BF facility located at 2106 East Rusk Street, Southwest Corner of US 79 and Loop 456 in Jacksonville, Texas (zip code 75766). Facility ID# 122768. In my request I included a pdf of the description of the file I am requesting. The file I am requesting is a Phase I Environmental Site Assessment dated 8/9/2010 with a completion date of 12/31/2010 for the Brownfield. I would like only publicly available records regarding the mentioned ESA. The pdf includes both the name of the ESA, the address, and dates.

To Whom It May Concern,

This is a request under the Freedom of Information Act (5 U.S.C. 552).

I request that a copy of the following document(s) be provided to me:

All emails and other communications within EPA headquarters and between the EPA and the White House, NOAA, State Department or other federal agencies from September 1st through TODAY (Oct. 29) referencing any of the following terms: "IPCC", "Intergovernmental Panel on Climate Change", "2040", or a direct link to the report. Here is a link to that report: <http://www.ipcc.ch/report/sr15/>

I spoke with EPA FOIA Officer Larry Gottefman who recommended I submit this request after a similar request (2019-000706) made Elizabeth Shogren was returned and needed more specifics.

As I am a member of the news media, I am requesting expedited processing. There is a compelling need for expediting this request as I am primarily engaged in disseminating information to the public and the information is urgently needed to inform the public concerning actual or alleged Federal Government activity. There is further reason: our report is being compiled amid competition in the industry. I know this to be true and correct.

I am willing to pay fees for this request up to a maximum of \$100. If you estimate that the fees will exceed this limit, please inform me first.

Sincerely,

Max Bayer

EPA-HQ- 2019- 000875	Susanne Rust	The Los Angeles Times	It's my understanding that you collect annual reports from every company that exports hazardous waste according to the Resource Conservation and Recovery Act (RCRA). Therefore, I'm formally requesting all the data in your possess about US imports and exports of hazardous waste for the years 2016 to present. I understand EPA tracks shipments of hazardous waste under the Resource Conservation and Recovery Act (RCRA) through export annual reports submitted by the regulated trade community. Since exporters must file annual reports with EPA on March 1 of each year, summarizing their shipments from the previous calendar year, I imagine you should have data for all the years above listed. In case datasets with processed data are not available, I request copies of the export annual reports for those years that haven't been reviewed yet. The information I need to be contained in the dataset are: Country of import, Countries of transit, waste code, "Basel code (Annex VIII)," waste type description, amount (metric tonnes), year, final operation, (disposal D or recovery R), sender, receiver, handler. Thank you for your help. Please don't hesitate to call if you have questions. I understand Guia Baggi asked for this same information in 2016 - EPA-HQ-2016-005084. Thank you! To Whom it may concern,

APM Steam is requesting a list of facilities currently operating with Title V permits in Puerto Rico. Also, my organization would also like to request access to the publicly available link of EPA's database that contains information about facilities that are also subject to CAA regulations related to the operations of boilers.

We would like to request access to see these permits if possible and when available.

Feel free to close down this request after its completion.

To Whom It May Concern:

Pursuant to the Freedom of Information Act, I hereby request the following records:

Records mentioning or generated as a result of liaisons and contacts between CIA officials and the following EPA personnel:

EDLUND, Carl - Environmental Protection Agency, Federal Services Branch, Air Pollution Control Office, Rockville, Maryland  
FAIRFALL, John M. - Environmental Protection Agency, Director, Engineering and Sciences Branch, Cincinnati, Ohio  
LACY, Benjamin A. - Environmental Protection Agency, Chief, Federal Activities Section, Region III, Philadelphia, Pennsylvania

For the purposes of this request, the words "contacts" and "liaisons" are being used in the way CIA used them in CIA-RDP78-00300R000100090121-9 (dated 1975), which officially disclosed these relationships. A copy of the file can be found at <https://www.cia.gov/library/readingroom/docs/CIA-RDP78-00300R000100090121-9.pdf>. This request may be limited to the beginning of 1970 through the end of 1979.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Dear Sir/Mam:

☒

Under the provision of the Freedom of Information Act, 5 U. S. 552, I am requesting access to certain information available from your agency.

Please provide us with any information you may have available with regard to the above referenced property address, particularly any environmental releases (spill and or air emissions) as well as any enforcement issues (violations or citations) that may have been issued to the property or that may still be open.

If a fee less than \$25.00 will be imposed for searching or copying the information that I have requested, please provide me with the information I have requested and bill me for the amount due. If more than \$25.00 will be charged, please inform me of that fact before responding to this request.

I would appreciate it if you would process this request as quickly as possible. If, however, you do not grant it within 10 working days, as the law stipulates, I will deem it denied. Thank you for your attention. I await your timely reply.

Sincerely,

This week, USGS and EPA released one of the reports, "Determination of Representative Uranium and Selenium Concentrations From Groundwater, 2016, Homestake Mining Company Superfund Site, Milan, New Mexico." I am attaching this report, so you can see which of the two reports we do not need (because we already have it). The second report, the one we are requesting through this FOIA, also pertains to alluvial groundwater conditions in and around the Homestake Grants Uranium Mill Site, but we do not have many details about it, because EPA hasn't released many details about it. We know it relates to geochemistry in the area and is authored by Johann M. Blake. We would like to include CBI and pursue substantiation, to the extent that becomes relevant here.</p>	#####

EPA-R2-2019-000391 Mr. Nicholas Connell

Weaver Consultants Group, LLC  
Pursuant to the federal Freedom of Information Act, Weaver Consultants Group North Central, LLC is requesting any paper and microfiche documents the USEPA may have on file concerning current or historical risk management plans; building permits; current or historical underground or aboveground storage tanks; hazardous materials incidents; and any other environmental conditions, inspections, releases, or violations located at: 4754 Route 414, North Rose, New York 14516. Any information on other tenants present and past is also requested. The tax map ID number associated with this property is 74115â€œ00â€œ001780. Thank you in advance for your assistance with this request. Should you require any additional information, please do not hesitate to contact our office at 312â€œ922â€œ030, or contact me directly at nconnell@wcgrp.com.

#####

Iâ€œm requesting a copy of the OIGâ€œs report/audit on the following:

On Nov. 20, 2017, the EPA employees produced a report on the emissions testing performed on the Volvo-provided gliders.

The Office of Inspector General for the U.S. Environmental Protection Agency will investigate allegations that members of the agency colluded with Volvo representatives to prohibit the use of glider vehicles.

Patrick Gilbride, a director in the Office of Audit and Evaluation, announced in a memorandum on Sept. 4 that the Office of Inspector General will conduct an audit.

â€œAs part of this audit, the OIG will examine the selection, acquisition and testing of glider vehicles at the EPAâ€œs National Vehicle and Fuel Emissions Laboratory, as well as the EPAâ€œs planning for this testing.â€œ Gilbride wrote in the memorandum.

Dear Sir/Mam:

☐

Under the provision of the Freedom of Information Act, 5 U. S. 552, I am requesting access to certain information available from your agency.

Please provide us with any information you may have available with regard to the above referenced property address, particularly any environmental releases (spill and or air emissions) as well as any enforcement issues (violations or citations) that may have been issued to the property or that may still be open.

If a fee less than \$25.00 will be imposed for searching or copying the information that I have requested, please provide me with the information I have requested and bill me for the amount due. If more than \$25.00 will be charged, please inform me of that fact before responding to this request.

I would appreciate it if you would process this request as quickly as possible. If, however, you do not grant it within 10 working days, as the law stipulates, I will deem it denied. Thank you for your attention. I await your timely reply.

Sincerely,

Per 40 CFR60.5479(f) Within 60 days after the date of completing each performance test (e.g., initial certification test, tests conducted for quality assurance and tests for renewal or recertification), each manufacturer must submit performance test data electronically to WoodHeaterReports@epa.gov. Owners or operators who claim that some of the information being submitted for performance tests is CBI (e.g., design drawings) must submit a complete file, including information claimed to be CBI on a compact disk or other commonly used electronic storage media (including, but not limited to, flash drives), by mail, and the same file with the CBI omitted, electronically. The compact disk must be clearly marked as CBI and mailed to U.S. EPA, OECA CBI Office, Attention: Residential Wood Heater Compliance Program, Washington, DC 20004. Emission data and all information necessary to determine compliance, except sensitive engineering drawings and sensitive detailed material specifications, cannot be claimed as CBI.

We respectfully request that EPA provide: (1) a complete list of all appliances that have been certified since promulgation of the 2015 New Source Performance Standards for Residential Wood Heaters, excluding those appliances whose certifications were granted under the previous NSPS and (2) all non-CBI data received from manufacturers within 60 days of testing as required by 40 CFR60.5479(f) to include but not limited to the manufacturer and model name, data received, date received and date testing occurred.

Per 40 CFR60.534(g) (g) The manufacturer of an affected wood heater model line must notify the Administrator of the date that certification testing is scheduled to begin by email to WoodHeaterReports@epa.gov. This notice must be received by the EPA at least 30 days before the start of testing. The notification of testing must include the manufacturer's name and physical and email addresses, the approved test laboratory's name and physical and email addresses, the third-party certifier name, the model name and number (or, if unavailable, some other way to distinguish between models), and the dates of testing. The laboratory may substitute certification testing of another affected wood heater on the original date in order to ensure regular laboratory testing operations.

We are requesting the copies for all units that have submitted 30 day notice of a manufacturers intent to conduct certification testing since April 15, 2018. We respectfully request all data pertaining to those notification to include all required information including but not limited to the manufacturer names, models, date of test request, test lab and 3rd party certifier. This is a similar request to the one filed in April of 2018. This is information that should be available to agencies interested and with delegated authority to witness testing. Two of NESCAUM members have this authority but do not have access to data that would allow them to witness testing.

U.S. EPA Region 9  
75 Hawthorne St.  
San Francisco, CA 94105  
(415) 947-8702

To Ms. Zito and Ms. Sullivan:

This is a request for records made under the Freedom of Information Act.

I am writing to request that copies of all records containing the following information be made available to me:

Any and all records of communications between officials at EPA Region 9's office, including Deborah Jordan, Mike Stoker and other parties, including but not limited to officials employed by Tetra Technologies, Inc. (Tetra Tech) pertaining to the EPA's decision to award Tetra Tech an \$85 million contract in 2017 to assess more than 500 abandoned uranium mines on the Navajo Nation. Records of communications may include but are not limited to: emails, written letters, presentations, contract negotiations, meeting notes and/or presentations, and audio and video recordings.

I will remind you that federal FOIA guidelines emphasize that "agencies should make it a priority to respond [to requests] in a timely manner", and that documents should be exempted from disclosure only when they threaten "national security, personal privacy, privileged records, and law enforcement interests."

In order to help you determine my status to assess fees, you should know that I am a representative of the news media, affiliated with Reveal from the Center for Investigative Reporting, an award-winning nonprofit newsroom with a wide national reach. Thus, this request is made as part of news gathering and not for a commercial use.

I therefore request a waiver of all fees. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. Thank you for your consideration of this request.

E&E News

I want a WORKING phone number to a REAL person who I can talk to resolve EPA issues, Region 1 in this case air dispersed toxins from an illegal chops shop operation in Lawrence, MA. It would be nice, if available to know why no one can be contacted at the Region 1 office and there is no oversight of the people there. Since I'm filing a FOIA to get a phone number to speak to someone this is probably too much to ask.

I request all records related to Acting Deputy EPA Administrator Henry Darwin's schedule from Sept. 1 to Oct. 1, 2018. Please include all records that document Darwin's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables.

This is a request under the Freedom of Information Act.

I request that the EPA provide the matching Law or Statute for each of the eight (8) Violations (aka `Type Case`) associated with EPA Civil Judicial Action 01-2008-500 - CLEAN HARBORS OF BRAINTREE (`Case`).

In Appendix A, I have attached a copy of the `Case Identifiers`, `Violation(s)`, and `Laws Sections` data associated with the Case in the EPA's ICIS-FE&C database (<https://echo.epa.gov/tools/data-downloads/icis-fec-download-summary>). The Case is associated with six (6) Laws and eight (8) Violations. However, we are not able to match each Violation to a Law with the given data.

Therefore, I further request additional information and guidance on how the EPA associates a Type Case with a matching Law as noted on the EPA's ICIS FE&C Data Element Dictionary page - and how the EPA makes these associations publicly available for all cases using the data in the ICIS-FE&C or other database(s):

VIOLATION\_TYPE\_CODE - A seven-character field that indicates the enforcement case type. For administrative cases, the Type Case is the section of the statute authorizing the action. For administrative cases, more than one administrative Type Case can be entered. Each Type Case entered must have a matching Law entered. For civil cases, only one Type Case is accepted. <https://echo.epa.gov/tools/data-downloads/icis-fec-download-summary#definitions>

I request that the Law-Violation matching data be provided in a comma-separated values (CSV) file, and any additional guidance be provided in a Portable Document Format PDF file.

Thank you for the consideration of this request.

Sincerely,  
Yihwan Kim

Re: Freedom of Information Act Request  
Dear Freedom of Information Act Officer:

This is a request under the Freedom of Information Act.

I request records of all certifications of qualified trusts; certificates of divestiture; impartiality determinations; notices of disqualification; recusals; screening arrangements; waivers and all other ethics-related records filed by and/or given to David Dunlap.

These documents would likely be prepared under 18 U.S.C. Â§ 207; 18 U.S.C. Â§ 208; 5 C.F.R. Part 2634; 5 C.F.R. Part 2635; and 5 C.F.R. Part 2641, as well as be in the care of the Designated Agency Ethics Official. Please do not consider this individual's OGE Form 278 public financial disclosure reports as responsive records to this request.

In order to help to determine my status to assess fees, you should know that I am a reporter with Bloomberg Environment, and this request is made as part of news gathering and not for a commercial use.

I am willing to pay fees for this request up to a maximum of \$25. If you estimate that the fees will exceed this limit, please inform me first. Please contact me if you have any questions.

Thank you for your consideration of this request.

Sincerely,

Abby Smith

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request access to and copies of communication records between Duke Energy Corp. and the Environmental Protection Agency Region 4 office between September 10, 2018 to date of processing. This should include but not be limited to: emails, phone calls, meeting logs, site inspections, transcriptions, recordings, and notes of calls and meetings, including the location, time, date of, and names of individuals present during, calls/meetings.

I would like to receive all information in a digital format (.pdf, .doc, .docx, .xls). Please send the correspondence on a rolling basis, and do not wait until all correspondence is compiled to fill the request.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

I look forward to your reply within 20 business days, as the statute requires.

Thank you for your assistance.

Re: Freedom of Information Act Request

Dear Freedom of Information Act Officer:

This is a request under the Freedom of Information Act.

I request all records concerning all logs of correspondence that record letters from members of Congress to EPA, from September 1, 2018, to September 30, 2018.

The logs should detail the correspondence's control number, the date it was received, what congressional office sent it, and its subject. Please redact constituents' names and other personal information detailed in these logs in order to expedite this request.

In order to help to determine my status to assess fees, you should know that I am a reporter with Bloomberg Environment, and this request is made as part of news gathering and not for a commercial use.

I am willing to pay fees for this request up to a maximum of \$25. If you estimate that the fees will exceed this limit, please inform me first. Please contact me if you have any questions.

Thank you for your consideration of this request.

Sincerely,

Abby Smith

This is a request for copies of records under the Freedom of Information Act. On October 1, 2018, The Washington Post reported that the Environmental Protection Agency sent a proposal to the White House about mercury emissions from power plants and the calculation of costs and benefits of regulating air pollutants. I am requesting copies of records related to this proposal and changes to the Mercury and Air Toxics Standards. This includes:

(1) Copies of research materials, briefings, memoranda, technical reports, policy analysis, and presentations related to the Agency's proposal to change MATS.

(2) Copies of communications, including attachments, and any other materials related to the public health considerations of the MATS proposal.

(3) A copy of the MATS proposal that the EPA sent to the White House on September 28, 2018.

(4) Copies of request for information and information sent from EPA staff to third-parties seeking input on the MATS revision.

Good afternoon Ms. Calderon,

Thanks so much for responding so promptly, I appreciate it very much.

I'm unfamiliar with EPA permitting, particularly when it comes to funeral homes, so I'm unsure exactly which documents to request. But we received information that this particular funeral home recently opened a crematorium without the necessary federal permits - I'm not sure what those permits would be, I assume they would be air-quality related.

I apologize I'm not being more helpful or specific... if this gives you some idea of what we're looking for let me know, and I'd be happy to clarify and discuss our request further. Thanks again for your time.

Hi- My name is Chand Zafar and i'm the owner of 19 Henry St, Edison Nj. The EPA has completed the cleanup of lead contamination on my property located at 19 Henry Street, Edison, New Jersey in 2013. EPA's actions on my property were a result of contamination emanating from the former Caswell, Strauss & Co., Inc. facility. EPA is certifying that areas of your property where lead contamination was identified at concentrations greater than the cleanup criteria were mitigated to meet conditions that are protective of human health. Can you please furnish any and all documents on whom was held responsible for the contamination? For your purposes, I would request items related to a Potentially Responsible Party (PRP), specifically PRP searches, EPA cost recovery documentation and identification of any PRPs. I would also request a copy of the Final Removal Action Report and any documents pertaining to 19 Henry St. Additional items, who had paid for any cost that occurred due to the clean up. What extra storage was responsible to fix on their property? what contamination was caused to my property due to extra storage? did they pay for the clean up on my property? what was the penalty to extra storage and what is in place to monitor this does not occur again. Please share any additional information pertaining to this topic obtained via legal search or more. Thanks in advance for the information.

To Whom It May Concern:

Under the Freedom of Information Act, I am writing to please request all of the Intended Use Plans (IUP), Project Priority Lists (PPLs), and Annual Reports from all 50 states for the United States Environmental Protection Agency's Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF) since the start of the programs (1989 and 1997, respectively).

If possible, I would also appreciate an export from the central electronic database of all DWSRF & CWSRF loans & grants from 2010 onwards. It would be helpful to please include all geographic (state, county, Census place or FIPS etc), system (PWSID), and loan (EPA and State tracking #s) identifiers, as well as the year, amount, interest rate, categories (e.g. return to compliance), and terms of the loan/grant.

Should you need to contact me for additional information, I can be reached via e-mail at [katy.hansen@duke.edu](mailto:katy.hansen@duke.edu) or by telephone at 406-451-4307.
